FOR LOCAL CLUBS

We're a nonprofit, here to grow foosball.

Tools to help you succeed.

YOUR WEEKLY	ON THE RECORD	OUR HELP	THE GOAL
Free tools	**Every result counts**	**Balls and tables**	**A growing club**
Brackets, check-in and the board on the TV	Your DYP is an official "10" event	$1 balls, and up to 30 tables for events	More players, back every week

WHAT YOUR CLUB GETS

Free tools for your weekly. Brackets, check-in, the call to the table and the board on the TV, on the USA Foosball app.

Your DYP is now an official "10" event. Results count toward the Points Race. Your players get points, a rating and a ranking, and a reason to come back next week.

Your club on usafoosball.com, with its own page and its weekly, so new players near you can find you.

$1 balls and up to 30 tables, from USA Foosball and Tornado: balls for every club, and tables delivered for your club's local events.

WHY WE'RE DOING IT

USA Foosball is a nonprofit, and growing the game is the whole job. Local clubs are where foosball lives, so we give them the tools to succeed. When a club's results go on the record, its players can see where they stand.

WHAT WE ASK

Tell us who won your weekly DYP, every week. Run it on usafoosball.com and the winners go in for you, or enter them yourself.

Run one small tournament a year at your club, on your own tables, or expand with up to 30 of ours.

Bring your club on board.

Ask for tables online, or email Jim Provost, President of USA Foosball.

FOR TOURNAMENT PROMOTERS

Run a tournament.

We bring the tables.

UP TO 30 TORNADO TABLES, DELIVERED TO YOUR VENUE.

WHAT YOU GET

Up to 30 Tornado tables, the US standard, delivered to your venue.

Local or regional. A one-day local tournament, or a weekend regional championship.

Run it on the USA Foosball app. Brackets, check-in, the call to the table, the board on the TV and every score, from a laptop or a phone.

Every match on the record. Your players' results go on the national record, and your event goes on USA Foosball's calendar.

WHY WE'RE DOING IT

The hardest part of a big tournament is the tables. We want tournaments in every region, run by the people who know their local players. You bring the room and the players. We bring the tables.

HOW IT WORKS

1. **Tell us where, when and how many tables.**
2. **Jim works out the details with you.**
3. **Run your tournament.**

Request tables.

It takes a minute. Jim Provost, President of USA Foosball, writes back.

TORNADO TABLES FOR YOUR TOURNAMENT

The tables come to you.

10, 20 or 30 Tornado tables from Richland Hills, Texas. It's simpler than it sounds.

1 **Book your week and pay the fee.** We book the truck, there and back.

SETTING UP The day before

2 **Unload the truck.**
At least two people, and more is better.

3 **Plan the room before you build.**
Find the power. Mark where the desk and every table go.

4 **Unpack carefully, and keep every box.**
Take your time with this one, because the tables go home in the boxes they came in.

5 **Build them one at a time, together.**
All on one table, so you can talk and commiserate.

6 **Level every table.**

THE TOURNAMENT The software is free

7 **Run the tournament.**
Players scan a QR code, enter and pay on their phones. The software does the rest.

PACKING UP When it's over

8 **Pack them the way they came.**
No rush. Each table goes back in its own boxes.

9 **Load the truck and send it back.**

10 **Clean up the room.**
Leave it the way you found it. That's it.

WHAT TO BRING
