ONE-ON-ONE, ON A VIDEO CALL

Want to get better at foosball?

Show a top player your shot.

Lessons from any table, anywhere, whether you're new to the game or getting ready for a tournament.

What do you want to work on?

A shot that gets blocked | Your defense | Passing | The basics

Say it when you book. Your instructor reads it before the lesson.

HOW IT WORKS

Pick who and when. Each instructor's page shows what they teach, their price and their open times, in your time zone.

Book and pay online. The link to the call comes by email, with a file for your calendar.

Prop up your phone. Point it at your rods, and your instructor sees what you see. All you need is a table.

Watch it again. Record the lesson if you both say yes. Only the two of you can watch it.

GOOD TO KNOW

Cancel a day ahead. Up to 24 hours before, you get it all back. If your instructor cancels, you always do.

Every instructor is approved by USA Foosball.
