HOW IT WORKS

You show up and teach. Set your hours once, then open the link at lesson time. That's the job.

We run the rest. Booking, payment on Stripe, the Google Meet link, reminders, moves and refunds. Players bring their questions to USA Foosball, not you.

Ready when you sit down. Every lesson lands in your calendar, with what the player wants to work on.

You get paid. You keep 90% of every lesson, and a player who cancels less than 24 hours before still pays you. We pay you and email you each time.
