FOR FOOSBALL

TORNADO TABLES FOR YOUR TOURNAMENT

The tables come to you.

10, 20 or 30 Tornado tables from Richland Hills, Texas. It's simpler than it sounds.

1 **Book your week and pay the fee.** We book the truck, there and back.

SETTING UP The day before

2 **Unload the truck.**
At least two people, and more is better.

3 **Plan the room before you build.**
Find the power. Mark where the desk and every table go.

4 **Unpack carefully, and keep every box.**
Take your time with this one, because the tables go home in the boxes they came in.

5 **Build them one at a time, together.**
All on one table, so you can talk and commiserate.

6 **Level every table.**

THE TOURNAMENT The software is free

7 **Run the tournament.**
Players scan a QR code, enter and pay on their phones. The software does the rest.

PACKING UP When it's over

8 **Pack them the way they came.**
No rush. Each table goes back in its own boxes.

9 **Load the truck and send it back.**

10 **Clean up the room.**
Leave it the way you found it. That's it.

WHAT TO BRING

A drill · Screwdrivers · Duct tape · A basic tool bag · A box cutter · Markers
Extension cords and power strips · Two hand trucks · Trash bags

See what it costs to bring them to you.

Pick 10, 20 or 30 tables and your state. The table fee is set for each event.
