THE NATIONAL FEDERATION
FOR FOOSBALL

FOR HOTELS AND EVENT VENUES

A full house, all weekend.

USA Foosball is the national federation for foosball. Players travel in for our tournaments and stay for days of play, so the venue that hosts us is busy from start to finish.

WHO YOU'D BE HOSTING

The national federation. The US member of the ITSF, the world body for table soccer. We pick Team USA for the World Cup.

Players who travel. Our events draw players from out of town and out of state, for the whole event.

Days, not hours. Singles, doubles, women's and juniors' events, back to back from morning into the night.

Every age at the table. Juniors, women, para and Unified players, first-timers and champions, in one room.

Tournaments that count. Every place earns points toward the World Cup team, so the best players come to play.

WHAT YOUR VENUE GETS

Rooms booked. Players who travel in stay over, and they like to stay where they play.

Food and drink all day. Long days in the room mean meals, drinks and snacks throughout.

Your ballroom put to work. We bring tournament Tornado tables and set them up in your space.

We run the tournament. Entries, payments, brackets and calling players to tables. Your team runs the room.

Your name in front of the country. On the event's page and the national calendar, and feature matches are often streamed live.

EASY GUESTS

Foosball players are good company. They cheer each other's shots, they make friends across the tables, and they come back year after year. Hosting us puts your venue behind a nonprofit growing a game people love, at an event that wants to return.

HOW IT WORKS

1

Tell us about your space, the dates you have open and the rooms nearby.

2

We plan it with you: the dates, the floor plan and the schedule.

3

We bring the players and the tables. You host a full house.

Let's bring USA Foosball to your venue.

Talk to Jim Provost, President of USA Foosball. He'll plan it with you.
